

# Niosh Training

Need Niosh training  
for your worker?

## Introduction

OCCUPATIONAL SAFETY AND HEALTH ACT 1994 of Malaysia stated that it shall be the duty of every employee while at work to take reasonable care for the safety and health of himself and of other persons who may be affected by his acts or omissions at work.

In consequence of this needs, Ministry of Human Resource, on 28th January 2000, has ordered all civil worker, must attend induction course relating to safety and health occupation before they are allowed to work in the construction area.

## Objective

To provide awareness about the importance in having a safe & healthy work place.

To change the perception towards safety and health at work place.

To convey general knowledge relating to the safety and health at work place.

To confirm with the act regarding safety and health at work place

## Who Should Attend?

All employee who has never attend induction course for safety & health either by CIDB or NIOSH.
